

## Civil Rights Tour to Montgomery, Selma, and Birmingham

Marc Stewart will be leading a tour of civil rights sites in Alabama this spring. The museums, experiences, and stories shared may be a life transforming, even for those well-acquainted with the civil rights movement in the South. Marc is familiar with this tour from a visiting these sites with the Council of Conference Minister in November. Our tour will include discerning discussions and prayerful meditations as we process these impactful experiences.
